INDEX

Volume 17: 1953

ABBOTT, T. R.: qualitative vs. quantitative requirements, 205

Address(s): Are we doing our job, 152

Allen, E. F.: Periodontics; panel discussion, 84

American Dental Association: film library, 8

BASIC SCIENCES: A new consideration, 87-88; interrelationship with periodontology, 141; place of, 178

Bazola, F. W.: crown and bridge prosthesis; as taught at University of Kansas City, 177

Book(s): Announcement, 50, 102, 164, 226

Boucher, Carl: full denture prosthesis; knowledge, ability, experience, all essential, 89

Brown, D. W.: Periodontal aspects of prosthetic restoration, 23

Buckley, G. A.: Moderator; symposium on full denture prosthesis, 89

CLINIC ADMINISTRATION: Correlation, coordination, treatment planning, as taught at University of Illinois, 198; discussion, 204; quantitative vs. qualitative requirements, 205; discussion, 214

Clinical Crown and Bridge Prosthesis: As taught at University of Illinois, 177; discussion, 186; as taught by N.Y.U., 189; discussion, 196

College News: 49, 100, 163, 228

College: student earnings, incidental expense, family income, 155-9

Constance, C. L.: degree jurisdiction and dental schools, 79

Coy, H. D.: Teaching and present status of plastics in operative dentistry, 41

Craig, C. W.: Editor, J.D.E. 176.

Crown and Bridge Prosthesis: preparation of first year dental students, 67

DEGREE(S): jurisdiction and dental schools, 79

Dental Education: why do students seek it, 90

Dental Students: Register (editorial), 109

Dentist(ry)(al): function of social worker, 59, social case worker, 58

Department(al): relation to centralized department, diagnosis and treatment, endodontics and periodontics, 28; roentgenology, 31; crown and bridge, 36

Diagnosis and Treatment: relation of centralized, to individual department, 28-40

Diagnosis: through several departments, 199; radio-dontics, surgery, pedodontics, 201; periodontics, operative dentistry, crown and bridge, 202; prosthetics, 203

Dorsey, D. M.: Oral surgery, introduction of student to clinic practice

EDITORIAL(S): dental students register, 109; education of a dental student, 55; good teaching: what is it, 2; retospect, introspect, prospect, 170

Educate(ion): Are we doing our job, 152; development of (editorial), 171-75; of a dental student (editorial), 55; United States vs. British System, 56; why do students seek it, 90

Engel, M. B.: teaching a biologic view on periodontics, 84

Epidemiology: of periodontal disease, 111

FILM(S): library; A.D.A., 8

Fleming, W. C.: objectives of and trends in teaching periodontology, 143; periodontics; panel discussion (moderator), 84-5

GLADFELTER, M. E.: are we doing our job, 152

Glickman, I.: graduate and postgraduate teaching; in periodontology, 128

Gurley, J. E.: dental student register; (editorial), 109; education of a dental student (editorial), 55; United States vs. British System, 56; good teaching: what is it (editorial), 5; retrospect, introspect, prospect (editorial), 170

HALE, M. L.: oral surgery in University of Kansas City, 216

Hunt, Josephine: library corner, 48

JACOBS, J. F.: periodontia; panel discussion, 84

Johnson, J. H.: Orientation of dental student to oral surgery, 75

KESEL, R. G.: relation of departments of endodontics and periodontics to a central department of diagnosis and treatment, 28

Knapp, R. M.: discussion, Doctor Coelho's paper, 196

LIBRARY(IES): corner, 48; film, A.D.A., 8

Levin, Helaine: film library; A.D.A., 8

Lyon, B.: discussion, Doctor Bazolo's paper, 186

MARSHALL-DAY, C. D.: epidemiology of periodontal disease, 111

Myers, H. M.: social case worker in dentisrty, 58

McKinley, Elizabeth: See Wexler, Phyllis

Moose, S. M.: oral surgery, College of Physicians and Surgeons, San Francisco, 219

OBJECTIVE: in undergraduate program, 215

Olson, J. V.: discussion, O. W. Silverhorn's paper, 22

Operative Dentistry: teaching and present status of, 41; discussion, 45

Oral Surgery: orientation of dental students, 75; as taught at University of Kansas City, 216; as taught at College of Physicians and Surgeons, San Francisco, 219; introduction of student to clinical practice, 223

Orientation: dental students to oral surgery, 75

Orthodontic(s): time to begin treatment, 13

PAVONE, B. W.: preparation of first year dental student for crown and bridge prosthesis, 67

Periodontology(ia)(ics): principles involved in teaching, 111; epidemiology of, 111; current status of, 116; graduate and postgraduate teaching in, 128; methodology in teaching, 134; relation to basic sciences, 141; objectives and trends in teaching, 143; teaching a biologic view, 84; objectives of teaching program, 84; where do we go from here, 86

Plastics: preparation, 44; teaching and present status of, 41

Program: undergraduate; objective, 215

Prosthesis(ic): clinical crown and bridge; teaching of, 177-198; complete denture; teaching, 96; symposium, 89-99; crown and bridge; preparation of first year dental student, 67; major learning activities, 96-97; partial denture; in oral rehabilitation, 10; discussion, 22; periodontal aspects in, 23

RAY, H. G.: methodology in teaching, 134; periodontics; panel discussion, 84

Research: 149; comprehensive program, 44

Resins: Acryllic; processing, 45

Robinson, H. B. G.: interrelationship between basic sciences and periodontology, 141

Roentgenology: objectives of, 31-32

SAWYER, C. W.: correlation, coordination, treatment planning, 198

Schafer, W. G.: periodontics; panel discussion, 84

Science(s): basic; a new consideration, 87-88; preclinical, 147

School(s): enrollment in, 153

Scrivener, C. A.: new manager, J.D.E., 176

Skinner, E. W.: discussion; teaching and present status in operative dentistry, 45

Silverhorn, O. W.: partial denture prosthesis and oral rehabilitation, 10

Simpson, R. L.: discussion, Doctor Sawyer's paper, 204

Social: case worker in dentistry, 58

Student-instructor: ratio, 193

Sturdevant, R. E.: discussion, Doctor Abbott's paper, 214

Surgery: oral, orientation of dental students, 75

Swensen, H. W.: periodontics; panel discussion, 84

TEACH(ER)(ING): clinical requirements; qualitative vs. quantitative, 205; operative dentistry, pedodontic, mouth hygiene, periodontia, endodontia, 212; oral surgery, ceramics, crown and bridge, denture prosthesis, 213; continuity in, 187; current status in periodontology, 116; graduate and postgraduate, 128; methodology in, 134; objectives and trends in, 143; good: what is it, 5; importance of individual, 140; material in crown and bridge, 67; procedure, 68; aids, 70; interview, 71

Thomas, B. O. A.: current status of undergraduate teaching in periodontology, 116; where do we go from here; in teaching periodontics, 86

Treatment and Diagnosis: See Diagnosis and treatment, 28-40

UNIVERSITY: Oregon; degree jurisdiction, 79

WAGGENER, D. T.: relation of department of roentgenology to a centralized department of diagnosis and treatment, 31

Wexler, Phyllis: function of social case worker in dental clinics, 59

YORK, D. H.: relation of crown and bridge department to a centralized department of diagnosis and treatment, 36
